

The Kaysville Strategic Plan is well underway. **Common Themes** that have come from the process include:

Kaysville is:

- A quiet bedroom community with minimal traffic and good schools.
- Growing, but still feels like a small town.
- A safe place with people who love living here.

The City should:

- Provide services such as police and fire.
- Build and maintain necessary infrastructure.
- Continue to maintain public parks and preserve more open space.

I wish:

- There were more events and opportunities to be involved.
- There were more diverse housing options throughout the community.
- Kaysville had a better sense of place.

We want to continue to hear from you. ***Watch for an online survey coming in October***, available online at: <https://www.kaysvillevillecity.com/741/Strategic-Plan>

- What infrastructure improvements would you recommend for the future?
- “Recreation and Environment” scored high in a recent poll based on what is important to residents as they plan for the future; what does “recreation and the environment” mean to you?
- How can we improve our “sense of place”?

There will also be an open house this month to present the Kaysville Mission and Vision and to get your feedback: date and time will be announced in the coming weeks.

The results of our July 4th and September Stroll Kaysville Polling will also be available on the City’s website. Here is a sample of those results:

What is IMPORTANT to you about KAYSVILLE NOW and as it PLANS for the FUTURE?
